about us

In today's competitive environment, people and space management pose a big challenge in every business area. Functions go haywire just because of mismanaged space. Q-Manager provides a perfect solution to manage space and people effectively.

These crowd-controlling posts help in queuing up at counters, cordoning off areas, making operations more organised and act as an elegant security system without spoiling the ambience. No wonder, it is so widely used across the world today. From banks to cinemas, airports to hotels, departmental stores to hospitals and, across many more work areas. Q-MANAGER products have become synonymous to superior quality, durability and efficient customer support.
